STATEMENT OF THE SUBSTANCE OF THE INTERVIEW
HELD ON DECEMBER 5, 2005

Sir:

Applicants hereby summarize the interview held on December 5, 2005 between the Examiner, Johnna Loftis, and the undersigned. It is noted that the Examiner's supervisor, Tariq Hafiz, was not present for the interview.

The interview discussed the relevance of cited reference US 5,978,768 to McGovern, et al. which constituted the primary 35 USC §103 reference cited against claims 1-22 and 29-36 of the application.

The undersigned explained to the Examiner that the '768 patent does not perform the same kind of matching as is described in the present application and therefore when used in combination with the other references does not establish a *prima facie* case for obviousness.

Nevertheless, the undersigned agreed to amend the claims to clarify that they are directed to an invention that analyzes a job seeker's qualifications in view of qualifications listed by a potential employer as being necessary or desirable for a particular job opening.

Respectfully submitted,
ALMOG, et al.
